

## Access a Self-Guided Tour of the Conscious Discipline & e-DECA Assessment and Planning System

---

**About this Partnership:** Conscious Discipline and DCRC now offer a system to assess children's social and emotional health and resilience, monitor progress in your classroom, and customize strategies to promote resilience in preschoolers.

The e-DECA system allows early childhood professionals and families to screen, assess and promote protective factors associated with resilience and healthy social and emotional development of Infants, Toddlers and Preschoolers. The comprehensive assessment and planning system supports professionals and families in building children's initiative, creating strong attachments, developing self-regulation skills and reducing problematic behaviors using strategies from Conscious Discipline. The system can be used to evaluate the impact of Conscious Discipline and ensure that children have the strengths they need to reach their highest potential. **Strategies are available for Infants, Toddlers and Preschoolers!**
